

JANGHO YANG

University of Waterloo, 200 University Avenue West, Waterloo, ON N2L 3G1

j634yang@uwaterloo.ca

CURRENT POSITION

Assistant Professor, University of Waterloo 2020 - Present

Department of Management Sciences, Faculty of Engineering

Research Associate, University of Oxford 2020 - Present

Institute for New Economic Thinking at the Oxford Martin School

PREVIOUS ACADEMIC POSITION

Postdoctoral Research Fellow, University of Oxford 2018 - 2020

Oxford Martin Programme on Technological and Economic Change

Institute for New Economic Thinking at the Oxford Martin School

EDUCATION

Ph.D. in Economics 2015 - 2018

New School for Social Research, New York, NY

Dissertation Title: “Essays on the Statistical Equilibrium Model of Technical Change”

Dissertation Committee: Duncan Foley (Chair), Paulo dos Santos, Mark Setterfield, Deepankar Basu

Master’s in Economics 2013 - 2015

New School for Social Research, New York, NY

Bachelor in Western History 2005 - 2010

Seoul National University, Seoul, Korea

RESEARCH INTERESTS

Statistical Methods and Methodology; Firm-level Data Analysis; Information-Theoretic Economics; Technical Change and Economic Growth; Input-Output Network

TEACHING EXPERIENCE

Department of Management Sciences, University of Waterloo: *Quantitative Data Analysis* (Spring 2021,2022); *Statistical Methods for Data Analytics* (Fall 2022); *Engineering Economics: Financial Management for Engineers* (Spring 2021,2022)

Department of Economics, New School for Social Research: *Advanced Econometrics* (TA and lab consultant , Fall 2017, Spring 2017, Spring 2016)

PUBLICATIONS

1. **Yang, Jangho** (2022), “Information-Theoretic Model of Induced Technological Change: Theory and Empirics,” *Metroeconomica*.
2. Heinrich, Torsten, **Jangho Yang**, & Shuanping Dai (2021), “Levels of structural change: An analysis of Chinas development push 1998-2014,” *Journal of Evolutionary Economics*.
3. Strauss, Ilan & **Jangho Yang** (2021), “Slowing investment rates in developing economies: Evidence from a Bayesian hierarchical model,” *International Review of Financial Analysis*.

WORKING PAPERS

1. **Yang, Jangho**, Torsten Heinrich, Julian Winkler, François Lafond, Pantelis Koutroumpis, and J. Doyne Farmer, “Measuring Productivity Dispersion: a Parametric Approach Using the Lévy Alpha-Stable Distribution,” *Resubmitted*
2. Bonwoo Koo, **Yang, Jangho** & Brian D. Wright, “On optimality of secrecy and scarcity of idea.” *R&R*
3. Strauss, Ilan & **Jangho Yang**, “Corporate Secular Stagnation: Empirical Evidence on the Advanced Economy Investment Slowdown,” *Under Review*
4. Bonwoo Koo, **Yang, Jangho** & Brian Cozzarin, “Effects of training types on wage: Role of workers characteristics and industry.” *Under Review*

WORK IN PROGRESS

Valentina Semenova, **Jangho Yang**, François Lafond, and Doyne Farmer, “Heterogeneity and Persistence of Product Price Changes.”

Jangho Yang and Ilan Strauss, “Big Tech’s Patent Monopoly”

Jangho Yang and Brian Cozzarin, “Productivity dispersion and investment slowdown in Canada”

Torsten Heinrich, **Jangho Yang**, and Sujung Jee , “Impact of the Covid-19 pandemic on innovation”

Sujung Jee , **Jangho Yang**, Torsten Heinrich, and Kejia Zhu, “Did COVID-19 deteriorate gender inequality in technological innovation?”

AWARDS

Edith Henry Johnson Memorial Award in Economics, Civil Affairs, And Education 2018
awarded for the dissertation “Essays on the Statistical Equilibrium Model of Technical Change”

Eugene Lang College Social Science Fellowship 2017-2018

Outstanding Graduate Student Teacher Award 2016

New School for Social Research Prize Fellowship 2015-2018

RESEARCH GRANTS

International Research Partnership Grant, University of Waterloo. \$20,000 CAD. Mar 2022 - Feb 2023.

Economic Security Project with Ilan Strauss. \$25,000 USD. Mar 2022 - Feb 2023.

Treasury Board Secretariat, Canada with Brian Cozzarin. \$27,000 CAD. Mar 2022 - Feb 2023.

Starter Grant, University of Waterloo. \$45,000 CAD.

CONFERENCE PRESENTATION

2022 Canadian Economic Association, Ottawa, Canada

2019 Nuffield College Postdoctoral Seminar, Oxford, UK
Workshop on Economic Science with Heterogeneous Interacting Agents, London, UK
International Input-Output Conference, Glasgow, UK
Eastern Economic Association Conference, New York, US

2018 European Association for Evolutionary Political Economy, Nice, France

2017 International Input-Output Conference, Seoul, Korea
IIPPE Annual Conference in Political Economy, Berlin, Germany

PROFESSIONAL SERVICE

Editorial Service

2019 - present

Guest Editor, European Physical Journal Special Topics

Co-editing the special issue on “Maximum Entropy Economics: Foundations and Applications,” with Ellis Scharfenaker.

Referee Service

Oxford University Press, Journal of Economic Growth, Cambridge Journal of Economics, OMEGA, International Journal of Technology Management, Economic Systems Research, European Physical Journal Special Topics, Metroeconomica, International Review of Financial Analysis, Structural Change and Economic Dynamics, Journal of Economic Interaction and Coordination, Journal of Evolutionary Economics, Review of Social Economy, Sustainability, Big Data and Cognitive Computing
